## Experience

### **Dallas Baptist University CRM Department - Student Worker**

*Dallas, USA*

*01/2025 - Current*

- Executed data management tasks to uphold the integrity and reliability of student information in Slate CRM.
- Streamlined system performance by removing redundant entries.
- Executed analysis and cleansing of database inputs using SQL queries.

### **Pilog India Private Limited - Java Developer**

*Hyderabad, India*

*01/2023 - 07/2023*

- Engaged in the creation of robust, high-performance web service frameworks leveraging technologies like WSDL, XML, JAX-WS, JAX-RS, JAXB.
- Designed robust J2EE enterprise systems using service-oriented architecture alongside microservice modules.
- Developed REST APIs to streamline various transactional processes.

### **Logro Scientific - Software Engineer**

*Hyderabad, India*

*01/2020 - 01/2023*

- Utilized version control tools to manage source codes across multiple projects.
- Designed frameworks to streamline SQL query execution.
- Developed, tested, debugged and documented software programs using Java, JavaScript and HTML and CSS.

## Projects

### **Design of Reverse Polish Notation Calculator**

- Built a stack-based algorithm to evaluate mathematical expressions in Reverse Polish Notation, optimizing for efficiency and memory usage.

### **Angular Quiz Game**

- Developed an interactive quiz application with dynamic question generation and a timer feature using Angular.
- Implemented state management to track user scores, progress, and leaderboard rankings.

## Accomplishments

### **Honors & Awards**

- **Delta Mu Delta International Business Honor Society** – Lifetime Member, Eta Tau Chapter, Dallas Baptist University (*Top 20% of business students*)
